

Early Warning and Reporting System (EWARS)

Weekly Bulletin

(8th Epidemiological Week)

5 March 2017

Government of Nepal
Ministry of Health
Department of Health Services
Epidemiology and Disease Control Division
Kathmandu, Nepal
ewarsedcd@gmail.com

This bulletin includes the updates from the Early Warning Reporting System (EWARS). It includes data since January 2016 till date, including comparison of same period during last year.

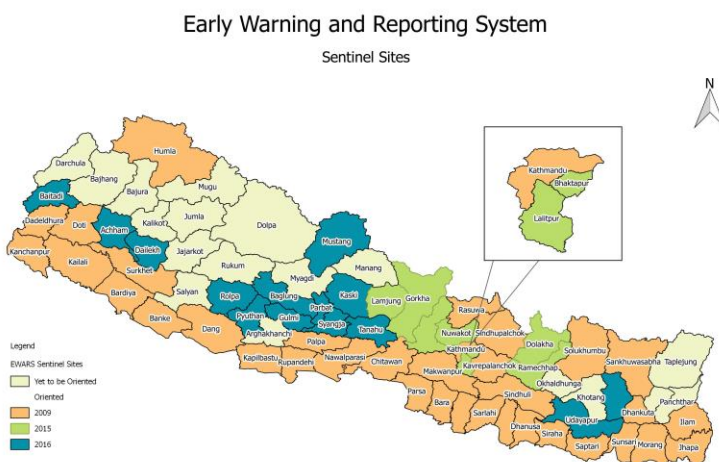

Section 1: The Early Warning and Reporting System (EWARS)

Highlights

- Bird Flu outbreak (HPAI, H5N1) has been detected in Pokhara Sub metropolitan city ward No 18, Khalte Masina Last week. A team from District Livestock services, DPHO Kaski, WHO and EDCC has been working for the outbreak investigation, control, and Management. No human case has been detected till date.
- **Kala-azar:** Four cases of Kala-azar are reported this week, one each from Mechi Zonal Hospital, Jhapa, Sukraraj Tropical and Infectious Disease Hospital, Teku, Lumbini Zonal Hospital, Butwal and Bayalpata Hospital, Achham. The cases are from Jhapa, Okhaldhunga, Rupandehi and Bajura district respectively.
- No case of Dengue and Malaria is reported this week.
- No death from SARI and AGE is reported this week.

The EWARS was established in 1997 to strengthen the flow of information on vector-borne and other outbreak prone infectious diseases from the district to Epidemiology and Disease Control Division (EDCC) and Vector-Borne Disease Research and Training Center (VBDRTC), Hetauda. Rapid Response Teams (RRTs) can be mobilized at short notice to facilitate prompt outbreak response at Central, Regional and District level. They can also support local level health institutions for investigation and outbreak control activities.

This information system is hospital-based and is currently operational in 61 hospitals (out of 82 sites) throughout Nepal (Figure 1). So far, the EWARS mainly focuses on the **weekly reporting** of number of cases and deaths (including "zero" reports) of six priority diseases/syndromes—Malaria, Kala-azar, Dengue, Acute Gastroenteritis (AGE), Cholera and Severe Acute Respiratory Infection (SARI), and other epidemic potential diseases/syndromes (like enteric fever). It equally focuses on **immediate reporting** (to be reported within 24 hours of diagnosis) of one confirmed case of Cholera, Kala-azar severe and complicated Malaria and one suspect/clinical case of Dengue as well as 5 or more cases of AGE and SARI from the same geographical locality in one week period.

Reporting Status

Out of 61 functional EWARS sentinel sites, report was received from 38 sentinel sites (61 percent) whereas 24 sentinel sites did not report in 8th Epidemiological week of 2017. The reporting coverage is same as compared to the previous week.

1.1 Acute Gastro-Enteritis and Cholera

287 cases of AGE are reported in 8th epidemiological week of 2017. Among 287 cases, the majority of cases are from Achham (46 cases), Dolakha (32 cases), Kathmandu (30 cases), Morang (20 cases), Makawanpur (14 cases), Jhapa (13 cases) Gorkha (11 cases), Dhankuta (11 cases), Dhanusha (11 cases) and Kanchanpur (9 cases) district. The number of AGE cases reported in 8th week this year did not exceeds the number of AGE cases reported in the same week last year (319 cases).

No death from AGE is reported this week. Three deaths from AGE are reported so far this year. Thirteen deaths from AGE were reported in 2016.

1.2 Severe Acute Respiratory Infection (SARI)

197 cases of SARI are reported in 8th epidemiological week of 2017. The cases of SARI reported this week did not exceed the number reported in the same week last year (258 cases). Among 197 cases, the majority of cases are from Morang (23 cases), Jhapa (21 cases), Rupandehi (20 cases), Gorkha (18 cases), Lalitpur (11 cases), Baitadi (8 cases), Dang (7 cases), Dhankuta (6 cases) Saptari (6 cases) and Sunsari (6 cases) district.

No death from SARI is reported this week. Nine deaths from SARI are reported so far this year. Seventy deaths from SARI were reported in 2016.

1.3 Enteric Fever

16 cases of Enteric fever are reported this week, including 3 from Lamjung and 2 each from Saptari, Nawalparasi, Saptari, Sindhupalchok and Siraha district.

1.4 Malaria

No case of Malaria is reported this week. Two cases of malaria are reported so far this year. Eighty three cases of Malaria were reported through EWARS in 2016.

1.5 Dengue

No case of Dengue is reported this week. Three cases of Dengue are reported so far this year.

1.6 Kala-azar

Four cases of Kala-azar are reported this week, one each from Mechi Zonal Hospital, Jhapa, Sukraraj Tropical and Infectious Disease Hospital, Teku, Lumbini Zonal Hospital, Butwal and Bayalpata Hospital, Achham. The cases are from Jhapa, Okhaldhunga, Rupandehi and Bajura district respectively.

Thirty-three cases of Kala-azar cases are reported so far this year. 150 cases of Kala-azar were reported through EWARS in 2016.

Timeliness & completeness of reporting from sentinel sites:

Site Code	Sentinel Sites	Timeliness (this week)	Completeness (%)	Site code	Sentinel Sites	Timeliness (%)	Completeness (%)
101	Mechi ZH, Jhapa	On time	100	130	DH, Rasuwa	No reporting	0
102	Koshi ZH, Morang	On time	100	131	DH, Sankhuwasabha	No reporting	0
103	DH, Sunsari	On time	100	132	AMDA Hosp., Jhapa	On time	100
104	BPKIHS, Dharan	No reporting	87	133	DH, Chautara	On time	100
105	DH, Dhankuta	On time	100	134	DH, Sarlahi	On time	100
106	SZH, Saptari	On time	100	135	DH, Sindhuli	No reporting	75
107	RKUP Lahan, Siraha	On time	100	136	DH, Illam	On time	100
108	DH, Siraha	On time	100	137	Dhulikhel H., Kavre	No reporting	87

				230	DH, Baitadi	On time	100
				237	DH, Bhojpur	On time	100
				240	DH, Udaypur	No reporting	0
				301	Bayalpata Hospital, Achham	On time	100

Excellent (>80)
Satisfactory (50-79)
Bad (<50)

Acknowledgement

The Epidemiology and Disease Control Division highly acknowledges the contribution from all the medical recorders, EWARS focal persons, rapid response team members and support from WHO and NHSSP for preparation of this bulletin.

Note: EWARS reporting form (in MS Excel format) is available at EDCCD's official website www.edcd.gov.np. This bulletin is also available at the website.
